Request for Waiver Extension of South Canaan)	
Cellular Communications Company, LP)	

ORDER

Adopted: December 20, 2007

Released: December 20, 2007

By the Deputy Chief, Public Safety and Homeland Security Bureau:

1. On September 28, 2007, South Canaan Cellular Communications Company, LP requested a one-day extension of its deadline for complying with the location-capable handset penetration requirement in Section 20.18(g)(1)(v) of the Commission's rules.¹ South Canaan asserted that it had already shipped location-capable phones to enough of its customers to reach 95% location-capable handset penetration, and that those phones would be activated on Monday, October 1.² Given that the relief requested is so minimal, and that South Canaan's compliance efforts were sufficient to achieve a 95% location-capable handset penetration rate within one day of its September 30 compliance deadline, we find that it is in the public interest to grant South Canaan's request.

2. Accordingly, IT IS ORDERED that the Request for Waiver Extension of South Canaan Cellular Communications Company, LP IS GRANTED.

3. This action is taken under delegated authority pursuant to Sections 0.191 and 0.392 of the Commission's rules, 47 C.F.R. §§ 0.191, 0.392.

FEDERAL COMMUNICATIONS COMMISSION

Erika E. Olsen
Deputy Chief
Public Safety and Homeland Security Bureau

¹ South Canaan Cellular Communications Company, LP, Status Report and Request for Waiver Extension, to the Extent Necessary, CC Docket No. 94-102 (filed Sept. 28, 2007) (Request); Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems, CC Docket No. 94-102, *Order*, 22 FCC Rcd 4835, 4839-40 ¶ 12 (2007) (establishing a compliance deadline of September 30, 2007 for South Canaan); 47 C.F.R. § 20.18(g)(1)(v) (requiring carriers employing a handset-based E911 Phase II location technology to have achieved 95% penetration among their subscribers of location-capable handsets by December 31, 2005).

² Request at 1.
